

# Flu Vaccination Run Sheet

Please fill in the names and details of those who have provided you with a completed consent form.

Although you don't have to make appointments for your team, it does help with the smooth running of your session. Please allow approximately two minutes per person. You will also need to around 15 minutes at the start and end of each day for set-up, pack-up and to ensure none of your team members have an adverse reaction to the vaccination.
