

Office Workstation Assessor Workshop

Corporate Clients

Sonic HealthPlus Training Overview

Sonic HealthPlus is a trusted provider of workplace health and general medicine. With over 50 years' experience we understand the important role education plays in fostering a safe working environment. And it is for this reason we offer a number of training programs across the following topics:

Drug and Alcohol

Manual Handling

Ergonomics

Fatigue and Stress

Work Health and Safety

Rehabilitation and Returning to Work

Our programs are developed with flexibility and accessibility in mind, and are available in a range of formats including online and face-to-face.

Course Overview

This workshop is specifically designed to give participants the knowledge and practical skills to carry out assessments of the ergonomic and health and safety aspects of office workstations. Participants will gain the skills and confidence to complete structured workstation assessments within their own organisation.

If requested, participants can be supervised in conducting assessments during the workshop and will be able to submit their independent reports for review and feedback from their facilitator.

This training program covers:

- OHS legislations and codes of practice
- OHS risk factors related to use of office workstations
- Risk manage and the hierarchy of control
- Office assessment tools, and
- When to seek professional assistance.

 **Course Suitability**

This training workshop is suitable for employees whose role it is to assess, and make recommendations for improvement to fellow colleagues' workstation environments.

 **Course Status:** Non-accredited. **Delivery Mode:** Face-to-face training. **Dates:** Sonic HealthPlus will endeavour to deliver training on a day and time that meets your needs. **Course Cost:** \$1400.00 per session, maximum of 20 participants per session.
